

LF 3000 push-to-connect fittings

Easy to operate...Simply push in the tubing until it can go no further. Holding and sealing is accomplished instantaneously.

Features

- Instantaneous connection and disconnection without the use of any special tools.
- Easy access; All fittings, tees and elbows swivel 360° for easy orientation of the tube direction.
- Gripping and sealing is accomplished using outside wall of the tubing with no restriction of flow.
- Immediate and automatic positive seal of O-ring on the tubing in both static and dynamic applications.
- Average installation time: 3 seconds.

Orientation action of fitting allows for close mounting of elbows and tees.

LF3000 Fittings can be used on different types of tubing:

semi-rigid nylon tubing from 1/8 to 1/2"

polyurethane tubing from 5/32 to 1/2"

polyethylene tubing from 1/8 to 1/2"
