EXPERIENCE THE **GREEN** CLEAN!

Oil Gobbler

Absorbent
BIO-REMEDIAL • ENZYMATIC

PART NUMBER
8170556

Product Overview

Oil Gobbler introduces a new era in the absorption & disposal of hydrocarbon contaminants in the work place. This product merges the technologies of a highly efficient absorbent with safe & effective microbes utilizing the exciting technique of Bio-Remediation.

When used as directed, *Oil Gobbler* can eliminate the need for costly, special and highly inefficient disposal of all hydrocarbons on solid surfaces. The high absorbency of this product makes it the ideal product to absorb oil, diesel fuel, gasoline, kerosene, etc. and then literally "eat" the contamination with its bio-remedial properties. It will completely absorb on contact and will not leach. The surface will be completely dry, free of the contaminant, and skid resistant. As an added benefit there is a significant reduction of hydrocarbon odor. Because of the pharmaceutical grade of this absorbent & the completely harmless microbes that are used, *Oil Gobbler* can be used in most commercial & industrial environments including food processing & packaging areas.

How To Use This Product

Oil Gobbler can be used to absorb & bio-remediate all petroleum hydrocarbons.

Use the following instructions as a general guideline for this product.

1. If for use on a fresh spill, use just enough *Oil Gobbler* on the spill perimeter to create a barrier around the spill.
2. Apply *Oil Gobbler* liberally to the spill itself so it covers the spill surface in an excess amount.
3. When the oil has been absorbed by the powder (it turns dark gray) you have two options
 - A. You can prevent the spill from staining the surface by spraying the *Oil Gobbler* with water, agitating the material with a brush or broom and leave the material in place overnight or...
 - B. Gather or sweep up the powder and place it in a spare bucket and reuse at a later time. *Oil Gobbler* may be reused until it will no longer absorb. Once the material is saturated, place it in a bucket or drum with water. Agitate it and let the microbes do their work. After they've eaten the oil (usually most of it is gone in 48 hours), you can dispose of the material in the trash or throw it on the lawn; it will act like mulch.
4. *Oil Gobbler* will leave the surface free from contamination, skid resistant and safe to work or walk on.

Where To Use This Product

While *Oil Gobbler* can be used in all phases of manufacturing, commercial and industrial operations, the following is a partial list of the many uses of this product. Please contact if you have any questions about its usage:

- Driveways
- Loading Docks
- Manufacturing Floors
- Fueling areas
- Lubrication Areas
- Machine Shops
- Garages
- Warehouses
- Hydraulic Line Breaks
- Lubricant Pipeline Breaks
- Equipment Failures
- Elevator Pits
- Oil Storage Areas
- Chemical Storage Area
- Auto & Truck Wash Areas
- Blow Pits
- Maintenance Areas
- General House-Keeping
- Vehicle Parking Area
- Pumping Stations
- Concrete Walls
- Brick & Gravel Areas
- Vehicle Maintenance Areas

Technical Information

Oil Gobbler is an active mixture of hydrocarbon-oxidizing, naturally occurring, single-celled micro-organisms with a pharmaceutical grade absorbent. It is specially formulated to be safe, environmentally enhancing and effective.

PHYSICAL PROPERTIES:

Appearance: Grey
Powder Odor: Odorless
Boiling Point: N/A
Soluble in Water: Insoluble
pH Powder: 7.2
pH With Water: 6.9 to 7.5
Evaporation Rate: N/A

PRODUCT EFFECTIVENESS: The effectiveness of this product and the "speed" at which it works is determined by certain factors. In general these factors are as follows:

TEMPERATURE: The warmer the temperature, the faster this product will work. (see above)

AGE OF THE STAIN OR SPILL: The older the stain or spill, the longer it takes to work.

TYPE OF HYDROCARBON: Some hydrocarbons take longer than others.

It has been our experience that the absorption action of this product begins Immediately. The bio-remedial process will begin almost immediately, after the introduction of water, but may take a longer period of time to complete depending on the above factors.

Odors Eliminated, Zero Chemicals.

**Formulated for Tough Odors.
Safe, Non-Toxic, Hypo-allergenic**

Eliminates foul odors including:

- body odor
- cigarette odors
- cigar odors
- pet odors
- cooking odors
- urine odors
- mildew
- mold

Safe for use on:

- clothing
- footwear
- hats & helmets
- bedding
- furniture
- all fabrics
- carpeting
- upholstery

Unscented

ReFresh

ODOR ELIMINATOR
Clothing and Footwear
Furniture • Bedding
Vehicles • Wheelchairs
Bathrooms
Hypo-Allergenic • Non-Toxic

Net Contents 32 FL OZS. (946 ML)

How It Works:
ReFresh is a powerful natural odor eliminator that works by breaking down and neutralizing foul odors without alcohol or toxic chemicals. ReFresh is not a masking agent or perfume but rather neutralizes odors permanently. Safe organic compounds formed during the elimination of odors simply oxidize and evaporate, leaving behind a fresh, clean, natural scent, without perfumes or fragrances.

Directions: Spray about 6" to 8" from surface and allow to dry. ReFresh must contact the source of odors to eliminate them completely.

Contents: Formulated from natural ingredients which include plant extracts.

ReFresh is safe for use around people and pets and safe for all surfaces. For sensitive areas always test on small, hidden area first. Floors may be slippery until dry.

Common Sense Caution: Keep Away from Children. Do Not Spray Near Face or Eyes. Surfaces Such as Flooring May Be Slippery Until Dry.

Foster Part Number: 8380148

Use with Confidence

Using 21st century nanotechnology, **ReFresh** permanently eliminates odors by encapsulating the malodor molecule within the **ReFresh** molecule. For use when permanent odor elimination is necessary without harm to people, service animals, equipment and surfaces.

Simply spray **ReFresh** directly on the source of bad odors and eliminate them without harmful chemicals.

ReFresh neutralizes odors on all surfaces on contact and will not harm fabrics or material.

Benefits

- No Chemicals
- No Enzymes or Alcohol
- No Masking Agents or Perfumes
- Hypoallergenic - pH Neutral
- Safe for all surfaces and fabrics

Thousands of Uses

Break out gear, protective vests and body armor, boots, helmets, uniforms, gloves, auto upholstery, all footwear, clothing, carpeting, bathrooms, first aid areas and locker rooms.

THE WONDER PAD

Areas of Use

- Eliminates stubborn stains on walls, wallpaper, doors, floorboards, tile, wood flooring, countertops, work surfaces, lockers, signs, dry-erase boards, copy machines, vinyl, glass, plastic trim, leather, hard furniture, outdoor furniture, shower doors, car wheels, stainless cookware, computer monitors and hardware, church pews, sneakers and more.

Features & Benefits

- Contains no chemicals. Use only water.
- Especially effective on permanent marker, crayon, ink, graffiti, lipstick, scuff marks, fingerprints, luggage marks, tea, soap scum, coffee, and wine stains.
- Shines chrome, brass, copper, and stainless steel.

Instructions

- Wet the sponge completely and gently squeeze out excess water. Do not wring. Scrub with the appropriate pressure until the stain is removed.
- Follow with a dry cloth to remove damp areas and achieve optimal results.
- Rinse the sponge with clean water to clear dirt residue. Squeeze dry and Store.
- Dispose when white melamine cleaning surface is completely gone. Note: Test on a small area before applying to entire surface. Do not swallow or eat. Keep away from infants and children. Caution when applying to painted or finished surfaces as dulling may result.

PART NUMBER: 8171001 30/CS

Deodorizers

Wave 2.0

Urinal Deodorizer

The Wave 2.0 combines the patented technology of a 30 day urinal air freshener/deodorizer, with the best splash elimination available.

- Eliminates odors - *Releases billions of optimized bacteria that consume mal-odors in the urinal. Contains more than twice the actives as 'look-a-like' screens.*
- Super-long protrusions eliminate urine splash, and saves clean up time -
- Reminds you when to change it - *Simply pull off the date tabs to remind you when to change it.*
- Saves money because it is stronger and lasts longer
- Recommended by the #1 Manufacturer of Waterless Urinals - Falcon Waterfree Technologies.
- Complies with VOC requirements in all 50 states, North America and Europe. 100% recyclable.

POWER WIPES

HAND & SURFACE CLEANING WIPES

Industrial Strength, Pre-moistened Towel

DESCRIPTION

A multi-purpose, pre-moistened towel formulated to remove grease, oil, dirt, tar & asphalt, brake dust, water-based inks and grime from hands and a variety of non-porous surfaces without the use of water. Waterless, disposable towels are perfect for use anywhere, anytime. There are 70, 9"x12" dual textured towels per canister.

FEATURES

Take them anywhere you go to clean hands, tools, machinery, equipment, pipes, and non/porous/non-absorbent surfaces. The towel will remove the toughest soils, such as tar and asphalt, oil grease, and brake dust without irritating or drying out your skin. The towels unique absorbency allows deep cleaning by absorbing the soil off the surface. Towels can be discarded after use.

APPLICATIONS

Use on nonporous/nonabsorbent surfaces to include: all metal surfaces, sealed wood, equipment, vinyl, and ceramic tile. We recommend testing plastics, rubber, and latex paint in inconspicuous areas before use. Extremely useful in construction, transportation, utility maintenance, marine, oil drilling fields, maintenance vehicle repair, machining operating areas, airports, and warehouses.

FORMULA NO 8142388

WARNING

Causes Serious Eye Damage

Precautions

Wash hands thoroughly after handling. Wear eye protection and protective gloves.

In case of fire: Use ABC-powder to extinguish. Store in well-ventilated place. Keep cool. Dispose of contents/container to an approved waste disposal plant.

Firefighting Instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Suitable extinguishing media: Foam, dry powder, Carbon dioxide, water spray, sand.

FIRST AID

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice. (Show label where possible.)

Inhalation: Allow victim to breath fresh air. Allow victim to rest.

Skin Contact: Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.

Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention/advice. **Ingestion:** Rinse mouth. DO NOT induce vomiting. Obtain emergency medical attention.

Precautions for Safe Handling

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

For Emergencies, Call 1-800-255-3924

PART # 8142388 CASE OF 12 QTS.

Citro Fresh

Dumpster odor eliminator

Freshens dumpsters

Our patented odor neutralizer is combined with natural citronella oils that freshen any dumpster with a fresh and clean citrus fragrance. Granules absorb liquids that may cause malodors.

Repels insects

Repel flying insects from your dumpster thanks to natural citronella oils. No more flies or insects contaminating your dumpster areas.

Versatile

Works great in dumpster areas, trash cans, and anywhere needing immediate freshening. Great for restaurants, rest stops, gas stations, and many more areas.

Environmentally Friendly

Formulated with a biodegradable cellulose base and natural oils, so it's safe and cares for the environment. Citro Fresh is a DEET-free product.

PART # 8170608 CASE OF 12/12OZ

PART # 8170606 1 PAIL

Drain Fly Repellent

ADIOS drain fly repellent is a thick gel that clings to pipes and drains to rid them of drain fly infestations. Repels annoying and unsanitary drain flies with Citronella, a natural fly repellent. ADIOS is biodegradable, non-toxic and non-caustic.

DIRECTIONS FOR USE: For best results, apply product at time of lowest drain use, typically at the end of the day. Initially, add 8 ounces to each drain. Try to coat side surface areas inside drain pipe. Repeat daily as necessary until desired results are achieved. Then apply 4–8 ounces per week as a maintenance dosage.

MODO DE EMPLEO: Para mejores resultados, aplique el producto cuando los caños estén en menor uso, típicamente al finalizar el día. Inicialmente añada 8 onzas a cada caño. Trate de cubrir las áreas los lados de la superficie al rededor de la tubería. Repita diariamente si es necesario hasta que se alcancen los resultados deseados. Después aplique de 4 a 8 onzas por semana como parte del mantenimiento.

PPE: Recommend latex or rubber gloves and protective eye wear.

PPE: Recomendado usar látex o guantes de goma y gafas protectoras.

FIRST AID TREATMENT: Avoid skin or eye contact. If eye contact occurs, rinse thoroughly with water for 15 minutes. If irritation persists, seek medical attention. Do not ingest. May cause gastrointestinal irritation with nausea and diarrhea.

TRATAMIENTO DE PRIMEROS AUXILIOS: Evite contacto con la piel o los ojos. Si ocurre contacto con los ojos, enjuague bien con agua por 15 minutos. Si irritación persiste, busque atención médica. No ingerir. Puede causar irritación gastrointestinal con náuseas y diarrea.

Limitation of Liability: QuestSpecialty Corporation makes no warranties of merchantability, or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label and precautionary statements.
